\* GFL 980-12 - MOZART. A super son off MONA LISA - my best breeder that I have ever owned. Mother, Grmother and Gr.Grmother to race winners across the world. In 2010 - 23 equal 1st. In 2011- 29 equal 1st. In 2012 - a smashing 44 equal 1st !!! The blood that excels in 200 to 400 mile races as a youngbird and 500 miles as a yearling. Best results in a tougher race with head winds and heat - just a good fair race - where the quality can rise to the top. Then the Mona Lisa offspring will dominate.

\* Belg 4090299-11- SPECIAL LADY. Direct daughter of JAWS, the 3<sup>rd</sup> National Ace Pigeon Long Distance All Belgium and a super breeder. JAWS is one of Chris Hebberecht's best breeders in his loft - not only a winner but a super breeder. SPECIAL LADY is one of my favorite long distance breeding hens. I selected her at Chris's loft and she was a hen that he did not want to sell. The mother to SPECIAL LADY is a daughter of TARZAN - the 5<sup>th</sup> National Ace Pigeon. The blood of both parents are Ace Champions and I am sure that SPECIAL LADY will breed many winners. Glad to have her in my breeding program.

\* Father to MOZART is ROCKET MAN - winner of 2nd National Ruffec, 450 miles against 6,494 birds in one of the toughest races of the year in Holland - 90 plus degrees with strong head winds. ROCKET MAN also won: 2nd Peronne, 200 miles against 1,465 birds; 18th Sens, 270 miles. ROCKET MAN has bred 7 champion birds in one loft races across the country. Champion Winners such as: 1st, 3rd, 4th, 5th, 6th, 6th and 8th. Plus 5 first place winners. He has turned into my top breeding male of the loft. This is why I have ROCKET MAN mated to the best breeding hen in the world - MONA LISA!
