NIGHT JEWEL is a full sister to one of the best South African Million Dollar Final Race Winners ever to race - NIGHT ANGEL (SLOV 107-5368-19) winning 1st Place by a 16 minute lead over the 2nd place finisher. With the high temperatures and head winds, the speed was slow - 802 meters per minute. It was a good working race for the 1,548 best pigeons from around the world. After 12 hours of flying, NIGHT ANGEL arrived to the loft by herself, as the daylight started to turn to evening. A total of 3 pigeons were capable of returning on the day of release. NIGHT ANGEL showed the world that she was the best of the best in one of the biggest one loft races in the world! Bred by Miha & Boris Sovic, Slovenia.

STAR BOY was bred by Jack Van Ouwkerk of Belgium. STAR BOY is a prolific breeding male, breeding winners and foundation breeders with just about any hen he was mated to. One of those one in a million breeding males.
