A simple circuit diagram showing a battery on the left and a lamp on the right. The battery is represented by a long vertical line (positive) and a shorter, thicker vertical line (negative). The lamp is represented by a circle with a cross inside. A wire connects the top of the battery to the top of the lamp. Another wire connects the bottom of the battery to the bottom of the lamp. The lamp is labeled "LAMP".

A diagram of a dam structure. It consists of a rectangular body with a semi-circular top. The top semi-circular part is labeled "DAM".

A diagram of a dam structure. It consists of a large rectangular body with a semi-circular top. The semi-circular top is labeled "DAM".
